

WHAT HAPPENED THURSDAY 8th OF MAY THIS HOLY YEAR 2025 AC

Please remember this Internet page were under ignition of Four Angels on last Friday. And remember to Pray NOT directly to Angels while after reading this also. Please remember.

The poem "**A new Day awelcome**" published on this Internet Page on Thursday 08.05.2025 was Interrupted from being published and was published later after the interruption of Time was ended and Time Restored from the short Disturbance.

What happened was **NOT** an attack from some enemy. What happened was **NOT** a military arrangement.

This is what happened:

The undersigned has now been reported to. There has been Ignition. Four of Our God's Angels perceived under Direction of special undersignment and caused a short disturbance in Time Structure more Powerful than is usual. This lead to critical break of communication to and from this undersigned Data Equipment from Thursday afternoon to Friday evening and caused disruption during publishing a poem and the last part of the poem were not possible to publish several times and after repeated attempts to publish nothing happened while sending publish command. This in spite of the all over normal activity which always allows publishing without any problem this had to be something else. Telephone signals where not able to reach their destination during Time Disturbance. The Disturbance caused by normal Activity for God's Angels were to Help Police Activity among People on Earth and nearby. The incident lead to publishing the special message meant for young couple to Marry each other and bring clear to validity their Marriage into reality. Reality is that Marriage must be Valid infor Preconditions of Jesus Christ. This special message had to be published in addition to normal activity from the editorial office of this Internet Page.

In Heaven there are also The Angels of God and this time suddenly the poem was interrupted from being published like normal and the poem published were not possible to publish in it's entire sentence. For some time the undersigned thought it could be some kind of foreign military arrangement in some kind of procedure in direction of this undersigned Herman Gunnarsjaa. And it was not a military arrangement.

On this afternoon the undersigned was on his way home after a long walk. At some point of time it was necessary to control the publish sequencer. The poem to be published was important like any other poem published on this Internet Page hermangunnarsjaa.com where You are at now. It contained a Special Message and was intended to People who are in thoughts of Marriage. This happens during Springtime like everyone knows. And this time everybody were Happily Converted into The Catholic Church from Protestantism. And there is Joy in Heaven!

Luckily the message for couple Marrying each other was brought fourth in short and in time for settlement.

This Causes to Say something extra to bring some factual information to enlighten Newcomers to The Church of Jesus Christ:

The Catholic Church with the liturgy Jesus Christ has been given this His Church of Earth and Heaven's and liturgy from Heaven in real terms and not something someone has put together themselves. There is an obvious and distinct difference between so-called «inspired liturgy» and The Catholic Church Liturgy from Heaven delivered by Saints. The Catholic Church is the Only Church Instituted by Jesus Christ and in The Most Holy Year 33 AC and every other churchy arrangement is not the same even if it might look like something religious which has to do with Christ in it. It is not the same. The Church Liturgy in The Catholic Church is Given to The Catholic Church from Jesus Christ The Son Of God by His Saints because The Catholic Church shall conduct the pleas approachment from all Mankind through Celebration of The Holy Mass which is His Mass and through The Liturgy from Heaven directed in an appropriate Way for Eternity and for the cause of Eternity for all Mankind and therefore everyone has to be Baptized! And is in remark to the continuation of The Catholic Church and the pleas approach during Mass in validity for all Mankind that monks and nuns and Priests in The Catholic Church are Created onfrom The Hand of Our God to live in solitude and with celibacy. That is their cause. And does not inflict the seksual matter on the Living other places nearby or in distance. The monks and nuns and Priests must live in celibacy and in solitude because every other kind of Living will disturb their concentration of their direction to God instead of our direction from Man to Woman and from Woman to Man. In the Living for those in celibacy God is Interplacing Himself in Rightousness to be directed to instead of a man's direction to his Wife or a wife's direction to her Man which begins in The Name of Love with the Boyfriend for the Girl and the Girlfriend for the Boy. And to continue the continuation of the Church's Service for onto God with Jesus Christ His Son and for all Mankind. The Priests together with monks and nuns living in seclusion from The World we Live in is to continue what they are made for: The continuation and the preparation of The Church's direction of every man's prayer and every woman's prayer to God inside of The Church. And of course outside while that is also possible only if The Church is present in Eternity and therefore Jesus Christ Instituted a Church for Him and for all Mankind so that we may find a House of God we know is The Church. If You are not Baptized in His Church which is The Catholic Church then You might find it difficult to see and perceive and therefore accept The Catholic Church is The Church of Jesus Christ because if one is not Baptized one cannot receive the signals and thoughts from The Heaven's and from Jesus Christ Himself and through The Saints of Jesus Christ in Heaven who one can Say are canalizing Prayers and their Interpretation of The Heavenly Wisdom from Jesus Christ the Son of God to the ones who Pray to God. When for instance children are Baptized and are together with their parents who must also be Baptized and go to Church each Sunday The Element of Wisdom from Heaven is the element which Helps transform what You observe to what You conceive to knowledge. Therefore it is True that children more easily learn the things they have to learn from early in Life if they like You are Baptized - because of the invisible element of Wisdom from The Heaven which is invisible and interprets everything You see and are given Christ's Definition. And is invited only if one receive Baptizm also for the child. Jesus Christ now is in Heaven. One Day Jesus Christ Will Return To This Part Of The World Underneath The Heaven's and The Throne of God. In Order to Return the Church is Instituted to Stand Where The Church Must Continue To Stand and The Church is for this World like the Water and the Mountains and the Woods and is not Water nor Mountains nor Woods since The Church is The Visualisation of what is Inside of The Heaven. Therefore and in the Beginning of Christianity not so many people could understand why The Church should be there and why it is so important for Jesus Christ and all Mankind that The Church which is The Catholic Church with it's Living for the inside and inspires Living outside must Be where It is in Eternity and that is because It Represents something You cannot see and where You might Live after Your time here on Earth and after the moment of death everybody are confronted with. And since The Church is in Eternity because Heaven Is Eternity it is of Importance that The

Church which is an own Sole Creation All By It's Own Jesus Christ and continue to Celebrate Mass to Our Lord and make way for Mankind to Heaven by It's Prescence and is The Preconditionary for Christ's Return from Heaven to Earth.

And that is after DOOMSDAY described in the Revelation of John in The Scripture of The Bible from the Beginning to The End and the Returning of Christ.

The poem "A new Day awelcome" is a Praise of the Sunrise to a New Day and Bewedded Life and to Promise Each Other Truthfulness who are Holy Virtues and Jesus Christ Communicates from Heaven. In order to make that Happen it is necessary to keep Guard over The Church to keep Connection to Eternity for You and Me and Everybody Else mark also in Heaven where The Church Exists also. And be Especially aware of The Church represents something invisible You cannot see and reach before Your time here on Earth is over. Most People reflects each day on what they do in order to get to Heaven and Continue Life instead of going to Hell right after You're dead. Life Continous more easily if You make Baptition and fulfill Church in Life here on Earth and before You enter Heaven and is Possible through Jesus Christ in His Church here on Earth and in Heaven.

Some kind of phenomenon that differes from normal excitement during a day were no possibility to make phone calls from cell-phone even for calling The Pplice when a Bus from another direction than normal and with a total different route number appeared on a Bus Stop totally outside tve timetable. The Bus Driver who were there all of a Sudden with the Bus and all was not an Employee and could not speak Norwegian and showed little knowledge from driving the Bus with Passangers in it. What were seen were like big elements crashing against each other and it looked kind of dramatic with suddenly two more Bus'es with the standard normal route for the distance on the road and like incidentally two at the same time one felt necessary to call The Pplice to report the Bus with the foreign criminal who looked like a Bus Driver and were not and who were obviously not being Educated in Bus driving. And the mobile phone could not call any number outside and was partly outside normal time allways there. It was not the Internet Company who were mistaken either.

Than today the undersigned heard that three of the Angels had shown a short critical reluctance when the undersigned all of a sudden was on the Bus that presented itself looking like the only Bus to show up at that moment and was driven by the foreign criminal who looked exactly like a legal Bus Driver with Company clothes and looked completely normal. The criminal drove the Bus with passangers and without license for Bus-driving and was later arrested by The Police that evening. When the undersigned suddenly were on the Bus who were inappropriate driven Time made a Collapse due to reluctance that occurred and everything is now restored to normal.

The Internet Page hermangunnarsjaa.com might publish poems texts and ideas back to normal.

It is only this Internet Page which has been afflicted.

Thank You

With Happy Salutations
Herman Gunnarsjaa
